

The team shall consist of 2-3 people from each local government partner and/or external participants from e.g. local government associations or NGOs, among whom one project manager who is the main contact person to ICLD.

Note and consider the following when selecting participants:

- The role of the dissemination team is to carry out activities in cooperation with local government associations and other partners to disseminate democracy development results outside the municipality or region where the results have been achieved. The aim is to increase the proportion of local governments in the ICLD's prioritized countries reached by strong and sustainable results, thereby generating regional or national added value. Reflect on what mandate, qualifications and personal qualities you need in the team! You are asked to motivate selection of each participant.
- Teams should be gender balanced. Diversity in all aspects should be considered.
- All participants must agree to abide by the ICLD Code of Conduct.
- The dissemination may mean international travels and work in a new environment.

NOTE! In case of necessary replacement of any participant, please motivate this to ICLD together with a proposal of a new participant. ICLD must then approve the replacement and a new updated form of the full team must be submitted. ICLD does not reimburse costs related to other people than the ones on the approved list.
