

Expansion team

The expansion team shall consist of up to four participants from each local government partner, among whom one is the coordinator and the main contact person to ICLD. ICLD encourage participation from civil society, academic institutions or private sector, collaborating with the local government.

Note and consider the following when selecting participants:

- The role of the expansion team is to broaden the partnership with an additional project or develop a new project for local democracy. Reflect on what mandate, qualifications and qualities you need in the team! You are asked to motivate selection of each participant.
- Teams should be gender balanced. Diversity is encouraged in all aspects.
- All participants must agree to abide by the ICLD Code of Conduct.
- The expansion consists of international travels and work away from home in a new environment.
- Please indicate if a participant has taken part in an ICLD international training programme (ITP).

NOTE! In case of necessary replacement of any participant, please motivate this to ICLD together with a proposal of a new participant. ICLD must then approve the replacement and a new updated form of the full expansion team must be submitted. ICLD does not reimburse costs related to other people than the ones on the approved list.
